Workshops in Nepal

For everybody interested in Art and Culture

We provide an itinerary
of cultural excursions and art activities
that will ensure you take home
life-long memories

Workshops in Nepal

Excursions

Come and enjoy 6, 10 or 14 days of Art and Culture in a beautiful country, full of life and colour, and home to some of the most varied and intriguing sights in Asia. Everyday we arrange an excursion for you to a place of cultural and artistic interest where you can appreciate the many facets of this exotic country, witness demonstrations by traditionally skilled artisans and explore a wide variety of drawing, painting and photography techniques.

Studio

Studio activities further extend ideas gathered on our excursions - compositions are developed and painting techniques explored. The studio is fully equipped, managed by international experts, and available to participants 24 hours a day, and conveniently positioned within the lovely gardens of the hotel, just a few steps from your room.

Accommodation

Participants are accommodated in a beautiful hotel in Patan just minutes from all the wonders of Kathmandu. All rooms have en suite bathrooms, covered terraces facing onto the gardens and you can choose single or twin shared rooms. The Hotel runs a very popular cafe, bar and restaurant - so good refreshments and company are always available.

Views of the hotel

First-Time Artists

No previous painting experience is necessary - our professional tutors will help launch all those with an interest in art into the world of drawing and painting. You will learn to respond artistically to the sights, culture and colours of Nepal. Experienced artists will also find the activities rewarding. Drawing, painting (with acrylics and oils), photography, life models, architecture, landscape, abstract, colour, and texture are all covered.

Practising Artists

For practising artists our workshops offer a wonderful opportunity to come to a thought provoking, visually exciting country and have everything made easy for you to draw, paint, photograph, collect objects and textures, work on sight or work in the studio. We do all we can to facilitate your artistic requirements. And meeting other artists with different styles is surprisingly stimulating and inspirational.

Art and Photography Students

We offer tailor-made workshops for student groups, working closely with schools to meet the particular requirements of the participants. Our workshops provide a rare insight into a fascinating country and a chance to develop a wide range of artistic skills. We are also able to link our workshops to other adventure activities - trekking, rafting, elephant safari - as well as good cause projects with local schools. Students go home with their eyes newly opened, their minds enriched and with a wealth of material to explore and develop. Special low budget arrangements can be made on request.

Prices start from under USD 90 per day and include:

Beautiful accommodation with breakfast, 24 hour use of fully equipped studio, professional tuition from international artists, all daily excursion costs, pick up and drop off at airport.

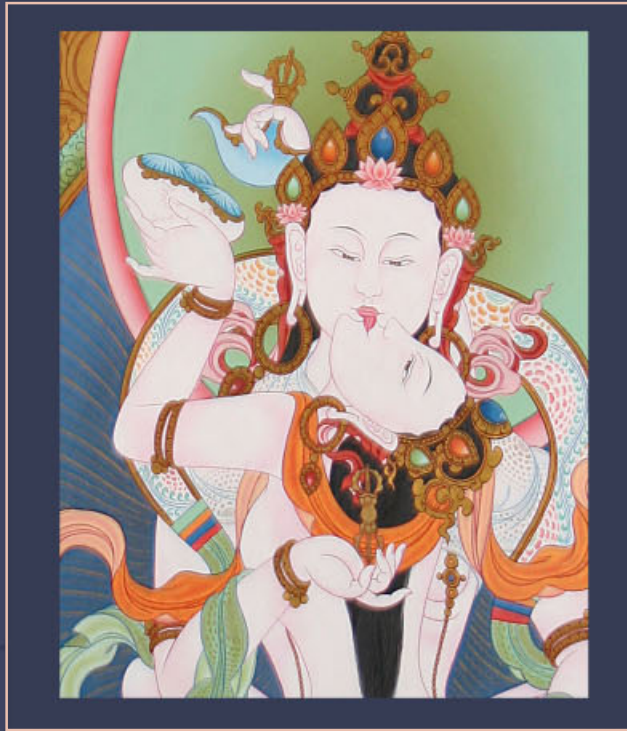

Special discount rates apply for student groups
